

Product Features

- Built-in high-efficiency power supply, passed the 240-hour aging test at 85
- The industry's first patented technology for full-structure heat dissipation and waterproofing
- Patented technical design, special high-elastic silicone sealing material to ensure protection level above IP67, up to IP68

Main application

- Building contour
- Building shooting face
- Building facade
- Scene lighting

Technical specifications

Product item	PHBN80007-WW
Installation	Rack mounting
Housing material	Aluminium+tempered glass
Power supply	AC220V, DC 24V
Watt(W)	36W
CCT	W、 Y、 R、 G、 B 、 Full color
Control	DMX512
Size(mm)	L1000xW52xH33mm
Lifetime(hrs)	50,000 hrs
Protection class	IP67

Product dimension(mm)

PHBN80007-WW Series
